The New WANAMAKER'S Is a Wonderland

THE week has been an ovation. The New York Public has come, and has marveled.

The New Wanamaker Building has been a revelation, even to those who expected most. The readjustments in the old Stewart Building have already added marvelously to the space for display of merchandise and the convenience of shoppers. Both build-

ings are running over with magnificent stocks of new merchandise, and throughout will be found the many Special Under-Price Offerings that will repay visitors for coming, even hundreds of miles, during these opening weeks.

Many offerings, previously announced, are still here, in addition to the news told below:

The Pleasure of Fine Shoes

"Fine" need not mean "costly." In our definition it means superior materials, superior shoemaking, superior style—the kind of shoes in which you take complacent pride. In our practice these things are all obtainable in shoes at moderate prices.

Think! If you know WANAMAKER'S well you have a general idea of the vastness of our shoe business. Consider that we duplicate that tremendous selling in our Philadelphia store. Is it not a simple sequence that we have the whole shoe market at our command?

We have used that power now wonderfully to your advantage.

The soft glow on the east side of the Third Floor, Wanamaker Building, will lead you to the most beautiful, most interesting Lamp Store New York has ever seen.

Seven Under-Price Groups Of Women's Spring Coats

We have been most fortunate in securing many extraordinary values in new Spring Coats for Women. The variety ranges from the daintiest Eton to the most practical of all overgarments, the Raincoat. This Spring the Coat is more necessary than ever, because of the dressy style of the little jackets that come with the favored suits; and the coats do not necessarily mean warmth, they simply add style and character to the costume.

Here are the details of the offerings ready today:

About seventy-five Eton Coats, made of black tulle silk; collarless; short sleeves; worth \$9, at \$5.
About one hundred stylish Covert Cloth Coats; all beautifully tailored and finished with strapped seams; worth \$12 to \$15, at \$8.50.

The lot includes All-wool Check Suitings, with overplaid, in cadet blue-and-white, garnet-and-white, navy blue-and-white, brown-and-white, and tan-and-white, with overplaid in color-contrast.

Men's Sack Suits at \$25

This popular price buys a very handsome suit at WANAMAKER'S. In the first place, the materials are very carefully selected worsteds, in broken checks, in various shades of gray; and the tailoring is of the highest character throughout. The collars are beautifully made, the sleeves are hung in the most correct manner, the shoulders are handsomely shaped. At every point there is the evidence of expert skill. Every model is of the most correct style.

The new sack coat has the straight front, slightly curved at the bottom, broad lapels, and the lines of the coat slightly curved in at the waist. The well-dressed man will appreciate these suits.

Of course, all other grades are here in very broad assortment, at prices ranging from \$15 to \$55.

We present today a special offering of more than two hundred fine Spring Overcoats. They are made of fine covert cloth, Oxford mixed and fancy chevrons. Also a few in plain black. Some of the coats are lined with serge, others with silk. Made with all the care and style to be expected in high-class overcoats. There is a full range of sizes for tall, stout and regular proportioned men. The overcoats are ordinarily sold at \$22 to \$30.

Today's Special Price Is \$17.50 each.

You Never Clapped Your Eyes

On Such a Collection Of PIANOS Before

Yesterday morning there were more than two hundred instruments in this extraordinary sale. All were assembled for easy selection on the 12th Floor of our New Building. It is the best opportunity we have ever presented to people who wish to secure an instrument of unusual artistic excellence at a very liberal saving from the original value of the piano.

Hundreds of people are going into Summer homes where they will want a piano that both children and grown-ups can play to their hearts' content without the housekeeper feeling uneasy about the instrument. There are scores of such pianos here. They have excellent tone-qualities; yet, because they have been in use for some years, they are offered now at a small fraction of their original cost.

Then there are scores of better pianos, many of the very latest models, which, because of being out on rental, or a bit damaged by the moving, have received very liberal reductions on prices that were already the lowest for which equal pianos were sold.

All of these pianos have been thoroughly gone over by our expert repair men, and put in the best condition possible before placing them on sale.

Then there is a splendid collection of Angelus Piano-Players—instruments which enable every one to play the piano to their own satisfaction and the pleasure of their friends.

This is by far the largest number of instruments we ever placed on sale, and so urgent is the necessity of disposing of them that we have been most liberal in reducing the prices.

Any of these instruments will be sold on easy terms, requiring only a small cash payment.

Take one of the special elevators on the Ninth street side of the Wanamaker Building to the Twelfth floor.

CITY PAYS FOR HER BROKEN NOSE

\$100 to Miss Sullivan, Who Stubbed Her

Toe on a Flagstone.

Miss Annie Sullivan of 197 East Seventy-sixth street stubbed her toe on a broken sidewalk of Lexington avenue last August, and yesterday her suit against the city for \$500 was tried in the Yorkville municipal court.

She declared that the toe stubbing caused her to fall, that the fall broke her nose and that the broken nose marred her beauty.

All my friends have remarked my crooked nose since I fell on the sidewalk, and I am kept busy explaining how I got it, she said to Justice Moore and the jury.

The jury gave her \$100.

LIFE ON THE OCEAN WAVE

With Vinegar in the Bread and in the Conversation of the Skipper.

The Beard of Steamboat Inspectors

will to-day inquire into a complaint filed with them yesterday by former officers of the tramp steamship John Lockenbach against Capt. Nevins Kay.

The complainants say that the food was bad and likewise the language of the skipper. John

Murphy, chief engineer; John Vergeyle, first officer; Angus McDonald, second officer, and John Dumphrey, third officer, are the complainants. They declare that

Capt. Kay maintained no watch on the bridge between 5 A. M. and 5 P. M. and

at other times gave over to two ignorant Italians the nautical instruments; that the coffee was burnt molasses; and that the cook was ordered to put vinegar in the bread.

Mrs. Howard Gould Seeks to Open Default.

Supreme Court Justice Newburger granted yesterday an application made by counsel for Mrs. Howard Gould for a stay of execution of the \$5,682 verdict obtained on Wednesday by Henry Jones Thaddeus, a Welsh painter whom Mrs. Gould commissioned to paint a portrait of herself.

Mrs. Gould, who is in Paris, tried to have the trial stayed till she could get here, and falling in this she let the suit go by default. She intends to reopen the case if possible.

LEGAL AID FOR BROOKLYN.

Society Gets Start on Fund for a Branch Office in That Borough.

At the April meeting of the board of directors of the Legal Aid Society yesterday it was announced that William H. Childs of Brooklyn has offered to contribute \$500 toward the establishment of a Brooklyn branch, and to subscribe \$100 annually thereafter.

Louis Stolber, one of the Legal Aid Society directors, has also subscribed \$500 for this purpose, and if a few more such offers are obtained the establishment of a branch will be made possible in the near future.

Louis Windmiller, the treasurer, made a final report on the proceeds of the performance of "Hansel und Gretel" given at the Metropolitan Opera House last month.

He stated that after payment of \$4,500 to Heinrich Conried for the performance and defraying the other expenses, the net profit made by the Legal Aid Society was \$5,961.

It was also announced that, beginning with May 1, the seamen's branch of the Legal Aid Society will be located in the Washington Building, 1 Broadway.

REFUSE TO INDOSE SHAW.

Iowa Republicans Vote Down Resolution Commending His Selection.

PORT DENVER, Iowa, April 26.—Congressman J. P. Connor, Republican, was re-nominated by acclamation here to-day at the Tenth Iowa district convention.

Resolutions were adopted which indorse the Roosevelt administration and Gov. Cummins, and declare strongly for tariff revision.

The sensation of the convention was a refusal of the committee on resolutions to commend the President for selecting Leslie M. Shaw, as Secretary of the Treasury.

The vote in the committee was 9 to 5.

STRIKE SLOWS DEUTSCHLAND

Guard Here Keeps Misadventures Away From Her Firemen.

The crack Hamburg-American liner

Deutschland, which arrived here yesterday, made slow progress across the ocean because of a strike among firemen along the River Elbe. She was short-handed in the firemen and averaged only 20.54 knots, her usual speed being 23.50. It took her 6 days 9 hours and 32 minutes to make the trip. Her record is 5 days 11 hours and 54 minutes.

The Deutschland is scheduled to sail for the other side on Saturday, and yesterday a guard was established on the pier in Hoboken to prevent any of the firemen from deserting.
